Short Essay Questions (use additional sheet of paper if necessary):

1. In 300 words or less, please tell us why you are the BEST candidate to fill the vacancy on the Maricopa City Council.
2. In 300 words or less, please tell us what attributes, qualities, special skills, talents, awards, knowledge, you would offer to further enhance and diversify this city council.
3. In 300 words or less, please discuss the 3 most important issues you see facing the City of Maricopa today.
4. In 300 words or less, please discuss what it means to you to be good policy maker and serve for the common good.

Please Attach:

1. Current Resume
2. 2 Letters of Recommendation or Endorsement
 - Letters of Recommendation or Endorsement should include:
 - How long the endorsers has known the applicant
 - Why the applicant meets the ideal candidate profile
 - Any other pertinent information the Council might need to consider the applicant

Short Essay Questions (use additional sheet of paper if necessary):

- 1. In 300 words or less, please tell us why you are the BEST candidate to fill the vacancy on the Maricopa City Council.**

I feel I am the BEST candidate for Maricopa City Council because; I have been on many sides of the spectrum. All my positions I have started at the entry level and ended in Leadership starting with Drexel Heights Fire Department, a rural fire department Captain. I have worked for Corporate American and ended a Senior Manager for Qwest Communications. I also have experience in Government and Politics with both Tohono O'odham and Gila River Indian Nations as a Capital Project Coordinator, and now I am a proud owner of "ABCD "Arizona Backyard Creations and Design, a local Maricopa owned and operated business. I am Bi-lingual English and Spanish. I represent the working middle class and have a Master's Degree in Business Administration. Every position I have held I have been labeled as, "The go to guy with the answers". I am the best candidate because of my ability and talent to create a passion within for what my mindset is and my ability of thinking outside box and providing results.

- 2. In 300 words or less, please tell us what attributes, qualities, special skills, talents, awards, knowledge, you would offer to further enhance and diversify this city council.**

My attributes are that I am Innovative, Motivated and Educated.

My qualities are my gifting to Communicate, Lead, Work, and get along with others, even when I am in a position of authority,

My Special Skills are listening to all sides, take charge or lead by example, my knowledge and experience in investigating facts and researching them. Not being afraid of asking for directions, guidance or suggestions, gathering all my facts before concluding a decision that will affect my business or personal life. My special skills range from all aspects of Fire Department Training, to F.E.M.A Certified in "ICS" Incident Command Systems, Building Construction Codes, and Federal, State and City Regulations. My talents are in Arts, in the field of Music, I love playing Bass Guitar, for my church Calvary, My biggest and strongest talent is the ability to create and materialize a vision. These skills will diversify the city council.

3. In 300 words or less, please discuss the 3 most important issues you see facing the City of Maricopa today.

Economic Development

As a business major and in the Construction Industry I did my Demographic Research on Maricopa and how it would affect my personal business before I moved it here. The 3 most important issues that I see facing the city are;

1. There are wide open areas of land where big industry can come and thrive, give jobs and stimulate the economy. More industry will stimulate growth by attracting new residence that will need to be housed, they will shop, eat and entertain local. As of now we are peak populated in the winter months when our northern friends come home to avoid the cold, other than that we are like a college town, busy only during school season. In the summer the Phoenixians cruise on by to Mexico to the Sea Of Cortez or off to California but if we fill Hwy 347 with new Shops, Hotels, and Stores it will make more variety to stop and spend some of that vacation money that just passes through.
2. Hwy 347 is congested during rush hour in morning or evening just outside or leaving Maricopa. Sometimes when there is an accident traffic stops to a standstill. There are federal and state Highway grants that if the city aggressively sought out after them We can widen the highway
3. The intersection at John Wayne Blvd. and Honeycutt is too close to Casa Grande Hwy to add a traffic light; if the city would only put a No Left Turn sign, it would make the flow more easily. Right now when someone wants to go left it backs traffic making residence uneasy about the wait. Also if they widen the intersection and allowing a free-flow yield and right turn, and merge to John Wayne Blvd would also be a less expensive solution to the issue.

4. In 300 words or less, please discuss what it means to you to be good policy maker and serve for the common good.

Being a "Good Policy Maker and serve for the common good," would be an honor and a privilege and not to mention another personal accomplishment for me. As good policy maker I will have to be un-bias, free from all prejudice and favoritism, studying the facts and how it will affect the majority, who will gain and prosper and who will lose, never forgetting the loser. A Loss now with a valid point can only be trouble in the future. Being a Good Policy Maker means being prepared, and gather the all the facts to make that educated decision. A good fact finder will be a good policy maker and will benefit the goal and or vision of the City of Maricopa.

Dear City Council Members,

With great honor I recommend Mr. Gerardo Avila for the position as City Council Member. I have known Mr. Avila for several years on personal and professional level. I have had the pleasure of working with him and witness the contributions he brought to the Tohono O'odham Nation where he was employed as Project Coordinator.

When we first took on this project the amount of work and dedication required for someone with not only the experience and determination, but also someone with a vision to complete it. Mr. Avila took on the project and made it come to life by working long hours, driving long distance to ensure the deadlines were being met by the sub-contractors. He often worked long hours and used his own time to attend meetings that were required in order to stay on schedule and complete the task. His perseverance to see this project succeed made a major contribution to today's new addition of our Twelve District.

Addition, Mr. Avila always worked hard and maintained a positive attitude. His charming personality and willful spirit allows for people to feel comfortable around him. His professional character will always be a direct contributor to his success, but most of all it was his ability to communicate and interact with people that made a difference in the way he conducts' his business.

As a friend Mr. Avila has always been there for me to offer support and encouragement to my professional development and education. He is someone I admire because of he has come so far with his education in achieving a Master's Degree. His most recent accomplishment is moving his Family and Construction Company from Tucson to Maricopa City. Mr. Avila is truly gifted, and is someone that can turn things around by making the impossible possible. If appointed to City Counsel, without a doubt he will be "That Public Servant with a Passion".

Respectfully,

Sandra Molina
Claims Analyst for Tohono O'odham Nation

October 24, 2012

Dear City Council Members,

I want to cast my vote for Gerardo Avila and offer my full support in recommending him as a City Council member. I have known Gerardo for quite a number of years now we actually lived in the same street and attended the same high school although I was one school year ahead of him. I reconnected with Gerardo approximately three years ago when he started attending the church where I am presently employed The Door CFC located in Tucson, AZ.

One quality that is evident in Gerardo is his perseverance. He demonstrated it in the performance of his job although it meant driving one hour distance from Tucson to and fro. After work he would then study late in the evening, this presented quite a challenge and yet he stuck it out and eventually he acquired M. B. A. He even found time to attend church and I hardly remember him missing any of our services.

One other trait that I personally admire in Gerardo is that he has faced and has been able to overcome some pretty tough challenges in his life. I believe that one of the most valuable educations that any person can receive is the one acquired in "the school of hard knocks". These experiences would allow him to serve and readily identify with any class of people regardless of their background.

I have not been surprised in hearing that moving to Maricopa he started a landscaping business. I am pleasantly surprised that he is now interesting in politics but no doubt he will put his every effort and apply himself as he has done in every endeavor.

I highly recommend Mr. Avila and feel that he would be a tremendous asset. If there is any information required from me I would gladly provide it. I can be contacted either by phone or email. **520.609.9202 or: jacelaya77@gmail.com**

Sincerely,

Jesus A. Celaya Spanish speaking ministry Pastor

Tucson, AZ 85714

October 22, 2012

Dear City Council Members,

It is with great pleasure that I recommend Gerardo Avila for the position of City Council. I have known Gerardo since earlier, 2009. I have had the pleasure of assisting him at the City of Tucson, as a customer and serving along with him at The Door Christian Fellowship located in Tucson, Arizona.

Professionally, Gerardo has shown to be a contractor that takes pride in his work and strives to meet the needs of his customers. He has demonstrated an ability to effectively interact and coordinate with the general public and professions, even in hostile situations. Not only has Gerardo been a great customer but he has also become a friend that has proven to be a man of developing character.

It is evident that he puts everything he has into all that he does. He strives to rise to life's challenges, both academically and professionally. It is uncommon to find men with such drive and zeal that pursue their goals, in his case his education and professional development.

Educationally, I commend him for earning his Master's degree. He is a man that portrays qualities of strength, perseverance, dedication, promptness, excitement, personal interactions and subject matter expertise. He always has a good attitude and has an ability to work with people, even people that do not view life in the same way he does.

Professionally, I admire his eagerness to fulfill the duties as a public servant. I am confident that his natural qualities to lead will be a great contributor to any position that he earns. His dedication and willful spirit allow him to do anything with his whole heart. He is able to be a friend yet to be a figure of authority that brings discipline when needed. A rare quality in people, it's definitely a gifting that he has.

I encourage the acceptance of his application and granting to the position to Mr. Avila. If there is any additional information that I can provide to assist in the hiring, please feel free to contact me at Bianca.ramirez@tucsonaz.gov or 520-837-2126.

Sincerely,

Bianca Ramirez, Senior Engineering
City of Tucson Water – Distribution Design,
Engineering Department
Tucson, AZ 85726

O: (520) 837-2126
bianca.ramirez@tucsonaz.gov

Dear City Council Members,

This letter is to notify anyone who is reading that Gerardo Avila is a great candidate for City Council Member of Maricopa because he is a man that portrays qualities of perseverance, dedication, excitement, personal interactions and expertise in the subjects he specializes in. These qualities separate leaders from followers and he would be a positive addition to our community as a City Counsel Member.

My name is Adam J Gutierrez and I am the owner of a small business here in the City of Maricopa called Dr House I.T. I provide technical support solutions to residential and commercial aspects of this community.

Gerardo Avila, known to his friends as Jere, and I first met at Calvary Chapel of Maricopa where we played in the Christian worship group and became family in the body of Christ. Even though it had only been several months of knowing him I feel he is a man trying to pursue a Christ-like life and I have seen it in his daily actions and decisions. Devout in his path to salvation his business and personal progress shows through.

The best contractors to work with are the ones who will work hard for you. Jere has shown me skills I can only look up to as a small business man myself. His ethics involved with pricing, services, and completion of projects has taught me to offer quality over quantity, and strive for better customer service during business dealings. After referring a close friend of mine to him their landscape project was executed within their budget and quickly produced in a very professional manner. His team consists of multiple talented men and with this has proven to be an outstanding leader where it counts.

As a small business contractor myself I commend his education credentials, as he has a Master's of Business Administration, and multiple F.E.M.A. certifications that prove to be great background to a City Council Committee. He always has a great attitude and a team work ethic, even with people that clash in personality.

I encourage his acceptance. If there is any additional information that I can provide to assist in the hiring, please feel free to contact me at adam@drhouseit.com or 520-413-0898.

Sincerely,

Adam J Gutierrez
